# Nikhil Sinha

Frontend Developer

## About Me

I am a passionate and creative **Frontend Developer** with 1.4 years of experience crafting responsive, user-friendly websites and web applications. My expertise lies in **HTML, CSS, JavaScript, ReactJs Modern GSAP Javacript, CANVA**, and modern frameworks like **Bootstrap and TailwindCSS** with **Minor PHP** where I focus on building intuitive and dynamic user interfaces. Adept at creating visually appealing, user-centric interfaces that enhance the user experience. A proactive problem-solver with a passion for clean, efficient code and a drive to stay ahead of industry trends.

**Accomplishments:** I got a special Gesture and Promotion as upper level of frontend developer For completing the Client Project name as JOBIKS, HR World and AARAMBH CLINIC before given **Deadline.**
